

CITY OFFICIALS WAIT FOR SETTLE RECALL

(Continued from first page.)

work of the various departments fully understood and working along the lines worked out by each department head.

"In view of that," he continued, "each commissioner is prepared to give to the voters a full accounting as to what has been accomplished, what is under way and what is planned for the future."

"In the second place, a vote of confidence on the part of the majority of the voters would give the commission the impetus needed to carry through the program outlined. It is the psychological time for a thorough accounting to the people and a decision from them as to whether or not they want to continue the present administration or change."

"In the third place," the commissioner declared, "if the matter was taken into court and the law declared unconstitutional there would still remain dissatisfied those who are already displeased with the administration, and in addition, there would be a number of others who would believe that the commission had taken advantage of a technicality and they would be displeased."

The commission seems to be united on the change of heart on the part of the Citizens' league the election will doubtless be called if there are as many as 4,513 signatures of qualified voters attached.

The work of checking the names on the recall petitions is being surrounded with much mystery by C. C. Pasby, city clerk. Written instructions have been issued to all clerks employed on the work stating that the manner in which the work is being done is not to be discussed with anyone.

Mr. Pasby isn't even telling the commissioners how the work is being done. Each sheet of signatures to each and every petition is being photographed by Paul N. Waggoner, Bertillon expert of the police department. There are between 2,000 and 3,000 of these photographs to be made. Just what the purpose of this work is has not been made known, but it is understood that the photographs will be used in court actions against signers in the event the charges of malfeasance and misfeasance are sustained against Pasby, Edgar and Allen are not sustained.

Enormous Task.
Clerks from various city departments have been pressed into service on the work which continued throughout Sunday and into Sunday night. Arrangements were being made Monday to have a large corps of clerks on hand each night in the week. Mr. Pasby and all the commissioners agree that it is an enormous task.

The time limit on the checking process expires on Monday, Oct. 25. The election must be called for some day not less than 30 nor more than 40 days after the clerk certifies to the commission his findings. This would throw the election for the latter part of November or the first few days of December.

It is understood that everything possible will be done to discredit the signatures on the petitions. Efforts will be made to show that some men have attached their own signatures and that of their wives and vice versa; that full names have not been attached and that several of the petitions contain many signatures in the same hand writing. Whether or not the services of a hand writing expert will be secured has not been announced.

**Disorder Marks
British Strike;
Several Injured**

(Continued from first page.)

early attempts of the crowd to get through the cordons. Finally the crowd began to throw stones.

One effect of the coal strike upon financial London has been the weakening of the pound sterling, which has dropped to \$2.44 on buying orders to cover actual and prospective coal shipments from the United States to Europe. The effect has already been seen on the continental exchanges, all of which moved against Great Britain late last week and were again slightly weaker today.

Persistent reports of efforts to settle the coal miners' strike partially relieved the spirit of anxious uncertainty of the British nation today. For the moment these reports seem to have greater basis of hope than in actual information.

John Robert Clynes, former food controller and one of the most moderate of the labor leaders, has expressed confidence in a settlement within a week if both sides could be brought together to discuss calmly the controversy. He advocates, as a basis of agreement, the granting to the miners of half their demands and the submission of the remainder to an impartial tribunal.

J. H. Thomas, general secretary of the national union of railway men, also has made moderate statements, and both these men are relied upon to do their utmost to shorten the strike.

MEMORIAL ARCH TO BLUE AND GRAY ON VICKSBURG BATTLEFIELD DEDICATED

VICKSBURG, Miss., Oct. 18.—Com-

memorating the reunion of the soldiers of the Blue and Gray, who met here in conflict in the 60's and in friendly reunion in 1917, the Memorial arch at the entrance to the Vicksburg National park was dedicated here today. Ceremonies participated in by representatives of the department of war, the governors of two states, representatives of the Grand Army of the Republic and the United Confederate Veterans marked the dedication.

The arch, which is of granite, was built at a cost of \$21,000. The funds were those remaining from the entertainment fund of the reunion. General Nekommer represented the war department, while Governors Parker of Louisiana, and Russell of Mississippi, made addresses. Gen. W. A. Kitching, of Indianapolis, commander-in-chief of the G. A. R., came here yesterday for the ceremony, but was called home by the death of his sister-in-law.

Another ceremony here today was the unveiling of the Louisiana state monument. This followed the exercises at the Memorial arch.

The West Yorkshire miners are among those who disappeared in the matter. Each sheet of signatures to each and every petition is being photographed by Paul N. Waggoner, Bertillon expert of the police department. There are between 2,000 and 3,000 of these photographs to be made. Just what the purpose of this work is has not been made known, but it is understood that the photographs will be used in court actions against signers in the event the charges of malfeasance and misfeasance are sustained against Pasby, Edgar and Allen are not sustained.

**THOUGHT SHERIFF HAD
SOMETHING ON HIS HIP**

"If anyone has a bottle and wants to know what sort of whisky it is, it's whisky. I can tell 'em right away," casually remarked Sheriff Oliver H. Perry Monday.

Onlookers and listeners began a stampede in the sheriff's direction, thinking possibly he had broken a life rule and fallen off the wagon. Perchance the sheriff had something on his hip.

However, Perry was quick to explain that he was in possession of a whisky gauge, the first taken in any raid in Shelby county.

Fashion's Forecast
By Annabel Worthington.

LADY'S AND MISS' DRESS.

Distinctive, yet very simple in line, is this new looking fall model. No. 2700. A collar of white, that is long and narrow, borders the yoke and extends over the shoulders. The skirt, with a box pleat at each side of the front and back, is cut in one piece and therefore easy to make. Set in sleeves may be long or short.

The body is also short. No. 2701. Set in sleeves, cut in one piece, 36 to 42 in. bust measure. Wide 36 in. requires 3-4 yards of material. With a 3-4 inch 20-inch contrasting. Price, 15 cents.

Mis' Nelly of N'Orleans.

PALMER ORDERS FRISCO WHISKY REPORTS PROBED

WASHINGTON, Oct. 18.—Attorney-General Palmer today directed the United States district attorney at San Francisco "to make a full and complete investigation of reports that 40 barrels of whisky and gin were withdrawn from bond at San Francisco for the entertainment of the delegates to the Democratic national convention."

At the same time Mr. Palmer in a telegram to Acting Mayor McLean of San Francisco called upon that official either to produce the proof or publicly retract a statement attributed to him that Mr. Palmer knew all about the whisky transaction at the time.

Mr. Palmer's message to the acting mayor was predicated upon special dispatches from San Francisco appearing in newspapers in Washington and other cities yesterday morning. These dispatches said facts as to the withdrawal of the whisky had been disclosed by a jury investigation.

Mr. Palmer's telegram to Mayor McLean follows:

"My attention has just been called to a dispatch from San Francisco published in Sunday papers that 40 barrels of whisky and gin withdrawn from bond on order of Dr. William C. Hoffman, city health officer, ostensibly for use in San Francisco municipal hospital, but actually for entertainment of delegates to Democratic national convention, according to facts revealed by grand jury investigation. The dispatch further states as follows:

"Acting Mayor Ralph McLean declared that Attorney-General Palmer, who was attending the convention as a delegate, knew all about the transaction."

"If you have been correctly quoted, I call upon you either to produce the proof of your statement or publicly retract it. I have not asked any liquor being withdrawn in San Francisco for any purpose. If my name was used by any persons withdrawing liquor it was entirely without my knowledge or authority. If you have any facts or information upon which a statement was based you should furnish them to the committee on the United States attorney whom I have directed to make full and complete investigation of this matter."

A petition in bankruptcy with liabilities estimated at \$27,557.17, was filed in federal court, Monday, by Olshwing Bros., and A. Olshwing and W. Olshwing, Memphis, through their attorneys, Hanover & Hanover. Assets were in the sum of \$3,750.

The petition is the largest to be filed in this court in several months. A long list of creditors is named, the heaviest of whom are Levi Solinsky, of Nashville, \$2,913; Howe Scale Co., \$2,500; and the Commercial Trust and Savings bank, of this city, \$2,000. Other debts range from the above amounts to a few dollars.

Assets claimed in the petition are, tools exempt by the laws of the state of Tennessee, \$100; bank deposits, \$15; bills of exchange, \$25; fixtures, \$1,200; and stock, \$2,500.

**ILLNESS FATAL
TO LOCAL WOMAN**

Mrs. Theresa Vaccaro, widow of the late A. Vaccaro, and for many years a resident of Memphis, died Monday morning at 2 o'clock at St. Joseph's hospital, after a lingering illness. The nearest survivor is her granddaughter, Mrs. Harry S. Eason. Arrangements have not yet been completed but the funeral will be from the residence, 256 Adams avenue, with requiem mass at St. Peter's Catholic church.

Farm Council Head Urges U. S. Borrow To Finance Crops

WASHINGTON, Oct. 18.—Declaring that "some one must finance this year's crops," George P. Hampton, managing director of the Farmers National council, today wrote the federal reserve board suggesting that, in event the board definitely decides against making an effort to get its members to discount farm paper and warehouse receipts, the government borrow money and deposit it in national banks to be loaned to farmers at not more than one per cent in excess of the rate the government pays.

Farmers thus would be able, Mr. Hampton said, to hold at least a part of their crops until they can get cost of production plus a reasonable profit or until there is an effective consumption demand.

Either the primary producer or those who are seeking to get control of farm products and are able to get credit from some source must finance the crop, the letter said.

"The men seeking to corner agricultural products will not reduce the prices at which they sell crops any lower than they have to," Mr. Hampton declared. "The law of supply and demand will be unavailing in case these hoarders can obtain an embargo on importation of farm products in crude condition, as it is intended they intend to do."

**COURT REFUSES TO
SPEED PEACE SUIT**

WASHINGTON, Oct. 18.—The supreme court today refused to advance the hearing of the suit brought by Charles S. Fairchild for an injunction restraining Secretary Coby from promulgating the federal surface amendment. This precludes any possibility of the case being heard before the November elections.

"THE BEST FOR LESS"

AT LOEW'S

Consider

—This simple little word has a meaning—

ONE, IS: "to look at closely or carefully."

TWO, IS: "to think or deliberate on."

THREE, IS: "to take into account."

To every Contractor and to every
Bricklayer we ask that you
DO consider

Look carefully into the outcome of such a move. Think closely of the results that may come from such an action, and finally take into account how it will affect you, in the face of a downward trend of prices.

and take this into account:

Look—Think: Deliberate:

Bring out your dictionary of reason, Contractors and the public —THE BUILDERS' EXCHANGE has been advised that the BRICKLAYERS, through their UNION, have made a demand for a 25c per hour increase, effective January 1st, 1921. The present pay is \$1.25 per hour. The demand is for \$1.50 per hour. With the cost of living and the cost of other commodities on the downgrade, all contractors and all industrial companies that have occasion to hire BRICKLAYERS, are asked and urged to carefully consider this demand. Reason what effect it means for the BUILDING INDUSTRY of this city to be thus confronted.

Take the BRICKLAYERS into your confidence, treat with them, counsel, confide, and have them consider. It is a service for all, if they will withdraw their demands.

BUILDERS' EXCHANGE of Memphis

Release for Women who Suffer

The multitude of American women who suffer terribly day after day and year after year from ills peculiar to their sex is almost beyond belief, —yet there is hardly a town or hamlet in the United States wherein some woman, and often many, do not reside who have been restored to health from some of the worst forms of female ills, and often avoided operations by taking Lydia E. Pinkham's Vegetable Compound.

These Two Women Tell of Their Experience.

Carrollton, Ky.—"I suffered almost two years with female weakness. I could not walk any distance, ride or take any exercise at all without resting. If I swept the floor or did any kind of work it would bring my sickness on. I was weak and languid, had no energy, and life was a misery to me. I was under the care of a good physician for several months and tried other remedies. I had read of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking twelve bottles I found myself much improved and I took six more. I have never had any more trouble in that respect since. I have done all kinds of work and at present am an attendant at a State Hospital and am feeling fine. I shall always recommend your Vegetable Compound."—LILLIAN THARP, 824 South 6th Street, Carrollton, Ky.

Onalaska, Wis.—"Every month I had such pains in my back and lower part of stomach I could not lie in bed. I suffered so it seemed as though I would die, and I was not regular either. I suffered for a year and was unfit to do my household work, could only wash dishes once in a while. I read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women and decided to try it. I do not believe there is a doctor that can do as much good for female weakness as can Lydia E. Pinkham's Vegetable Compound and you may use these facts as a testimonial."—MRS. LESTER E. WARNER, Rt. 1, Box 69, Onalaska, Wis.
